Created without rules, the advanced new Toyota C-HR evolves the mould-breaking original into a powerful and emotive style statement. Unconventional by design and driven by technology, it is the crossover reimagined without limits. Why blend in when you can stand out?

CONCEPT CAR FOR THE ROAD

Rules are made to be broken. Impossible to ignore, the new Toyota C-HR fuses coupe and crossover design elements into an original and distinctive silhouette. Purposeful in its stance but with the streamlined profile of a coupe, it looks like no other car. The precise character lines, sleek headlights and elegant rear light bar remove all doubt: the concept car is ready to hit the road.

TRI-FOLD EXECUTION

The car's striking design, the product of interlocking geometric forms, is defined by muscular curves and precision-cut lines for a dynamic sense of movement.

CHOOSE TO STAND OUT

Ambitious design demands perfection from every detail. Machine-cut 20" wheels, combined with the car's broad and confident stance, create an irresistible visual impact. Flush door handles, featured on a Toyota for the first time, are fundamental to the clean, sculptural aesthetic. And the Bi-tone+ design, with its powerful contrast black execution, follows the body's curves to emphasise the new Toyota C-HR's expressive proportions.

DISTINCTIVE HAMMERHEAD FACE

The imposing grille and piercing LED headlamps combine to form the distinctive hammerhead face. An athletic design full of movement, the new Toyota C-HR appears ready to leap forward.

CREATED AROUND YOU

A fusion of comfort, innovation and emotion for the excitement of driving, this light and airy space is built around you. A wing-like theme, focused on the driver and aligned with the direction of travel, flows through the cockpit, creating a sense of harmony. Premium soft-touch materials take sensory quality to the next level. And comfort is assured thanks to sculpted sports seats and nanoe™ X technology that constantly cleans the cabin air.

CUTTING-EDGE PANORAMIC ROOF

The glass roof features special coatings to insulate the cabin, keeping it warm in winter and cool in summer. With no need for a sunshade, weight is reduced and interior space increased.

WELCOME BACK

New Toyota C-HR welcomes you before every drive with an exterior lighting sequence. It also auto-adapts to your preferred seat position and digital cockpit settings as you jump in.

TURN DRIVES INTO PERSONALISED EXPERIENCES

Intelligent technology defines every aspect of the new Toyota C-HR: how it feels, how it drives and how it entertains. At its core is a seamless and personalised digital experience optimised around every step of the journey. Discreet and deftly integrated, this powerful functionality is intuitive to use thanks to twin 12.3" high-resolution displays that work in harmony. A truly digital cockpit with immersive entertainment, new Toyota C-HR redefines the driving environment.

THE POWER OF CHOICE

Your Toyota C-HR is just that – yours. From its display layouts to the colour and tone of the cockpit lighting, every aspect of the car's character can be personalised to suit your style. Set the colour and theme for the digital combimeter and configure its layout as you like, with four themes and three dial layouts to choose from. Apple CarPlay and Android Auto™ compatible, this effortlessly digital space responds to touch or voice commands – it's your choice.

Apple CarPlay is a trademark of Apple Inc.

INTELLIGENT AMBIENT LIGHTING

Integrated into the cockpit's sensual lines, the expressive ambient lighting can be set to one of 14 theme colours and 50 custom colours. It can also change with the time of day, the cabin temperature and the selected drive mode.

MYTOYOTA APP. IN CONTROL FROM YOUR PHONE

Connectivity doesn't stop when you leave the car. The MyToyota app is a powerful tool on the move. Secure your car from afar, locking the doors and closing the windows with Remote Control. Use Remote Start to prepare the Hybrid system and cool or warm the cabin ahead of a journey. And with Car Finder you can remotely flash the lights, sound the horn and see the car's location on a map, making it easy to find.

SMART DIGITAL KEY

With Smart Digital Key your smartphone becomes your car key. Shareable with up to four other people, it works from your bag or pocket to unlock and start your Toyota C-HR hands-free and securely.

ELECTRIFIED – AND ELECTRIFYING

Agile and responsive, the new Toyota C-HR combines inspiring performance with the fleet-footed handling of a hatchback. Hybrids have an exciting driving feel unique to electrified vehicles, and the new Toyota C-HR's expanded range of fifth-generation powertrains deliver a step-change in power, efficiency, refinement and drivability. Choose from self-charging Hybrids and a new Plug-in Hybrid, with startling acceleration and true EV capability.

DRIVE YOUR WAY

Take charge with switchable driving modes. Select Normal, Eco, Sport or Custom to tailor the Toyota C-HR's driving characteristics to suit your style.

THE DRIVE TO PERFORM

Drive electrified with Toyota's most advanced Hybrid powertrains yet. With compact motors and powerful high-voltage batteries, the new Toyota C-HR's options deliver a class-leading balance of power, efficiency and low emissions. And with the AWD-i, which features a second high-output electric motor on the rear axle, energetic performance is combined with the surefooted control of all-wheel drive.

**HYBRID 140 FWD**Power **140 DIN hp**Fuel consumption* **4.7-4.8 l/100 km**CO₂ emissions* **105-109 g/km**Acceleration **0-100 km/h 9.9 secs****HYBRID 200 AWD**Power **198 DIN hp**Fuel consumption* **5.0-5.1 l/100 km**CO₂ emissions* **113-115 g/km**Acceleration **0-100 km/h 7.9 secs**

Power 223 DIN hp

Fuel consumption* 0.9 l/100 km

CO₂ emissions* 19 g/km

Acceleration 0–100 km/h 7.4 secs

* Combined cycle.

ENGINEERED TO GO FURTHER

Plug-in Hybrid technology is the ultimate electrified drive. On daily trips the Toyota C-HR PHEV drives like a true EV, with smooth pure-electric power and up to 66 km* of driving range. Going further? No problem. This exhilarating Plug-in Hybrid 220 will take you there, fast and without range anxiety. With the performance to surge to 100 km/h from a standstill in 7.4 seconds and emissions of just 19 g/km CO₂, this is electrification without compromise.

QUICK AND CONVENIENT CHARGING

A home wall box ensures you're always charged and ready to go, and on the move the expanding public charger network, displayed in the navigation, has you covered.

MAXIMISING EV RANGE

Predictive Efficient drive and Geofencing technology work together to optimise battery use. Input a destination into the navigation and the system automatically switches between EV and Hybrid power to maximise efficiency.

SUSTAINABILITY AT ITS CORE

The new Toyota C-HR is proof that doing things differently doesn't have to mean compromise. Recycled materials have the potential to redefine premium, while a lighter car is also a more engaging car to drive. In the cockpit, the new Toyota C-HR introduces animal-free leather alternatives. The use of recycled plastics is also dramatically increased compared with its predecessor. The body, painted in low-impact water-based paints, takes advantage of high-strength steel to reduce weight, driving down fuel consumption.

SECOND-LIFE PLASTICS

The new Toyota C-HR makes extensive use of recycled plastics. Used for seat fabric, floor mats, luggage boxes and more, it uses twice as much recycled plastic as the outgoing model.

TOYOTA T-MATE. WITH YOU FOR A SAFER JOURNEY

For class-leading safety functions, Toyota C-HR is built with T-Mate – your helpful driving partner. This includes the latest generation of Toyota Safety Sense as well as the possibility to update its features Over-The-Air. T-Mate makes sure you're always in safe hands.

Learn more about T-Mate.

PRE-COLLISION SYSTEM (PCS)

Pre-Collision System can detect and help you avoid collisions with other vehicles, pedestrians, cyclists and motorbikes. It works by alerting the driver with audio and visual warnings and brake assistance. If the driver doesn't manage to brake in time the brakes automatically engage to prevent or mitigate a collision. Additionally, Intersection Collision Avoidance Support and Emergency Steering Assist support in the day when turning at junctions and making evasive manoeuvres.

FULL SPEED RANGE DYNAMIC RADAR CRUISE CONTROL (DRCC)

This system keeps you at a minimum pre-set distance from the vehicle in front. If this distance falls, the system reduces your speed and eventually the brakes will be applied and brake lights activated. Full-Speed-Range DRCC can bring the vehicle to a complete stop should the preceding vehicle stop ahead. A small input on the accelerator pedal or DRCC switch will reenable the system. If your car is equipped with Road Sign Assist (RSA), this system will also recognize speed limits on your driving route and suggest any necessary adjustments.

EMERGENCY DRIVING STOP SYSTEM (EDSS)

Under LTA (Lane Tracing Assist) control, if the system detects no driver input for some time, audible warnings will alert the driver. If no further inputs are detected, EDSS brings the vehicle to a gradual stop while keeping it safely in lane. Hazard lights are activated to warn other road users, and doors are unlocked to allow emergency services easy access if required.

PROACTIVE DRIVING ASSIST, DECELERATION ASSIST (DA)

This system supports smooth deceleration when the accelerator pedal is released, when approaching a curve or a preceding car.

TOYOTA SAFETY SENSE (TSS) SOFTWARE UPDATES

TSS Over-the-air (OTA) software updates ensure Toyota Safety Sense (TSS) is up to date with latest features and improvements.

TECHNOLOGY THAT PROTECTS

The Toyota C-HR has the technology to keep you safe, constantly monitoring the driving environment and alerting you to risks. Linked to the car's Safe Exit System, the interior ambient lighting switches to an intense red to warn of a potential collision. And that high level of driver support is there whenever you need it. At low speeds, Panoramic View Monitor offers a drone-like image of the car from above, displayed on the 12.3" screen for an unimpeded view of your surroundings.

A selection of features is shown on these pages. Configure your vehicle to discover full T-Mate content.

SAFE EXIT ASSIST (SEA)

This system uses the Blind Spot Monitor radar to help prevent a collision between an occupant's opened door and a vehicle or cyclist approaching from behind. If there is a risk of a collision, indicators illuminate on the outer mirrors and multi-information display, the interior ambient lighting will turn red together and an audible buzzer will sound to alert occupants.

REAR SEAT REMINDER SYSTEM (RSRS)

This system alerts the driver if a passenger or object is left on the rear seat when leaving the car. The alerts will include: a warning in the cockpit meter and, subject to model, after locking the car, also hazard lamp and an audible buzzer will activate.

TOYOTA TEAMMATE ADVANCED PARK

This system controls the acceleration, steering, braking and gear shifting* to help you park safely. It can even memorise your favourite parking spaces that aren't defined by lines or adjacent objects.

PANORAMIC VIEW MONITOR (PVM)

Parking is easier and safer with this system which combines the images from four cameras to create an almost 360° view of your surroundings.

* Depending on model.

MAIN FEATURES

- 17" alloy wheels
- LED headlamps
- LED Rear Combination Lamps
- Heated door mirrors
- Intelligent Adaptive Cruise Control (iACC)
- Heated steering wheel
- Synthetic Leather steering wheel
- Dual zone auto A/C
- Fabric seats
- Toyota Smart Connect multimedia system
- 8" multimedia display
- 6 speakers
- Front Central Air Bag
- Smartphone integration (wireless)
- Toyota Smart Connect pack
- Tyre Repair Kit
- Rear-view camera
- Front and back fog lamps (LED)
- Monotone body colour
- Toyota Safety Sense 3
- Driver seat vertical adjustment
- 12,3" colour TFT multi-information screen
- Blind Spot Monitor (BSM)
- Safe Exit Assist (SEA)
- Windshield deicer
- Heated front seats

Configure your Toyota C-HR.

ACTIVE

Pure and uncomplicated, with everything you could want and need, including a 12.3" fully digital cockpit. Irresistibly chic, this is proof you don't have to shout to make a statement.

MAIN FEATURES (ADDITIONAL TO ACTIVE)

- 18" alloy wheels
- Privacy glass
- Ambient light
- Smart Entry
- Electrically foldable door mirrors
- Passenger seat vertical adjustment
- Seat lumbar support (Driver)
- Intelligent rear parking sensors with automatic braking (for object, car)
- Rain sensor
- Electrochromatic rear-view mirror
- Toyota Smart Connect+ multimedia system (AWD only)
- 12,3" multimedia display (AWD only)
- Wireless charger (AWD only)
- Remote Service E-Connect package (PHEV only)
- Dual A/C with Humidifier (+Heat pump) (PHEV only)
- Luggage connectore AC 220V/1500W (PHEV only)
- AC charger (6.6kW) (PHEV only)

Configure your Toyota C-HR.

STYLE

Available with 18" wheels and privacy glass, Style pulses with a modern, offbeat character. The cockpit features Smart Entry technology and embossed sports seats in sustainable fabrics.

MAIN FEATURES (ADDITIONAL TO STYLE)

- 19" alloy wheels
- Bi-LED headlamps
- Auto recirculation, high quality filter
- Humidifying Nanoe-X air purifier
- Bi-tone body colour
- Ambient illumination (multi)
- Toyota Smart Connect+ multimedia system
- 12,3" multimedia display
- Wireless mobile phone charger
- Electrically adjustable driver's seat
- Partial synthetic leather & suede seats
- Seat memory function for driver seat
- Power back door
- Seat back pockets (driver & passenger)
- JBL Premium Sound System, 9 speakers
- Bi-LED Headlamps with Adaptive High beam System (AHS) (AWD only)
- Cornering lights (AWD only)
- Smart digital key (AWD only)
- Digital inner mirror (AWD only)
- Head Up Display (AWD only)

Configure your Toyota C-HR.

LUXURY

Redefine urban luxury with head-turning 19" wheels and advanced LED headlights. Go to the next level inside too, with ambient lighting, wireless phone charging and power-adjust sports seats with memory function.

PREMIERE EDITION MAIN FEATURES (VS LUXURY AWD-I)

- Bi-tone+ black body execution
- Panoramic sunroof
- Leather seats
- Toyota Teammate Advanced Park (Remote Controlled)
- Panoramic View Monitor
- Intelligent rear parking sensors with automatic braking (for object, car, pedestrian)
- Front Cross Traffic Alert (FCTA)
- Driver monitoring camera

Configure your Toyota C-HR.

PREMIERE EDITION

Imbued with a timeless sophistication, Premiere Edition is impossible to ignore in striking Sulphur Bi-tone+. Standard equipment includes a head-up display, panoramic roof and a full leather interior with Sulphur stitching.

GR SPORT MAIN FEATURES (VS LUXURY AWD-I)

- 19" alloy wheels GR SPORT
- GR SPORT specific interior elements
- GR SPORT aluminium door scuff plates
- GR SPORT black suede leather seats

Configure your Toyota C-HR.

GR SPORT

Sporty and authentic on 19" wheels, GR SPORT thrills with its silver and red cockpit detailing. The suede seats feature red stitching and are embossed with the iconic GR SPORT logo.

GR SPORT PREMIERE EDITION MAIN FEATURES (VS GR SPORT)

- 20" alloy wheels
- Bi-tone+ black rear execution
- Toyota Teammate Advanced Park (Remote Controlled)
- Intelligent rear parking sensors with automatic braking (for object, car, pedestrian)
- Panoramic View Monitor
- Driver monitoring camera
- Front Cross Traffic Alert (FCTA)

Configure your Toyota C-HR.

GR SPORT PREMIERE EDITION

The new Toyota C-HR without limits.
GR SPORT Premiere features 20" wheels
and, in the cockpit, the powerful and
emotive JBL® Premium Audio System.

EXPRESS YOURSELF

Breakthrough design demands innovative colours. With three high-impact executions – Bi-tone+, Bi-tone and elegant Monotone – the new Toyota C-HR is a blank canvas for creativity. Paint it from a palette of powerful colours, including new Sulphur, Emotional Red 2 and mesmerising Shimmering Silver.

ACCESSORIES

Styling Packs

PACK 1

Side front bumper trim in piano black

This distinctive piano black element gives the side front bumper extra definition and style.

Side sills in piano black

Contoured to integrate smoothly with the sides of your car, these sills create an elegant and powerful appearance.

PACK 2

Front bumper trim in piano black

This piano black trim adds an eye-catching detail to your lower front bumper.

Side sills in piano black

A touch of piano black, integrated seamlessly to underscore the Toyota C-HR's dramatic contours.

Transport Pack

Roof rack

Enjoy extra carrying capacity with this lockable aluminium roof rack. Easily installed, it forms a secure base for carrying a wide range of specialised attachments such as the Toyota Roof Box M.

Roof Box M

This streamlined storage box adds space for skis, snowboards or anything else you might want to take with you on holiday. With easy access from either side and a key that can't be removed until all the locking points are closed, it's safe and convenient.

Vertical Detachable Towing Hitch

The vertical detachable towing hitch has a tough anti-corrosion surface and is designed so you can easily attach and remove the tow ball at your leisure.

Adventure Packs

PACK 1

Front skirt

A sculpted aerodynamic design to give your car an even more powerful appearance.

Side skirt

Shaped to integrate with the lower sill, creating a sporty, low-profile appearance.

Rear skirt

Complements your car's athletic lines while accentuating its sporty looks and dynamic personality.

PACK 2

Front skirt

A sculpted aerodynamic design to give your car an even more powerful appearance.

Side steps

These side steps provide easy access to your roof accessories while enhancing the rugged appeal of your car.

Rear skirt

Complement your car's dynamic lines while creating an extra dimension of sporty looks and personality.

GR SPORT accessories

COLOUR PACK

Alloy wheel sticker

A red colour element to upgrade the look of your alloy wheels.

Decoration stickers

A set of front, side and rear stickers in subtle red or blue that further enhances the unique character of the Toyota C-HR.

PROTECTION FILMS

Toyota Protection films provide durable, long-lasting protection for the most vulnerable areas of the vehicle. Highly transparent, these protective films are virtually invisible when applied to the paintwork.

- Front bumper protection film
- Bonnet protection film
- Roof protection film
- Mirror protection film*
- Door edge protection film*
- Rear bumper protection film*

SEATBACK PROTECTION

Protects the backs of the seats from dirt and spills when folded, to load longer items for example. The textured surface helps prevent items shifting and sliding during transit.

BOOT LINER

Tailored to fit the boot of your vehicle and provide protection against dirt and spills. The design features a special anti-slip surface pattern to help stop luggage moving while you drive.

Toyota HomeCharge

The home charging solution makes charging your Toyota simple and convenient. The sleek charger is fully integrated with the MyToyota app & your Toyota, putting you in control wherever you are.

It allows you to do everything that you would expect from a connected charger (manage users, remote charging, track your charging sessions etc.) Additionally, it allows you to smart charge: target a specific Vehicle State of Charge, set a charging schedule following dynamically** the daily energy tariffs of your location or schedule charging for off-peak hours, allowing you to reduce your energy costs.

Toyota HomeCharge is offered in multiple variants to meet your needs, whether you require single-phase or three-phase, and with or without a 4G connection.

Charging cable*

When charging on the go, use this cable (available in 5m or 7.5m lengths) to connect your Toyota C-HR to a public charging station.

Cable bag*

This practical storage bag keeps your charging cables untangled and in good condition, keeping your luggage space tidy. The large cable bag holds two cables.

* Included in standard equipment.

** Depending on country availability & your energy contract.

Sound Level Drive By (dB(A))	67.0	67.0

The fuel consumption, CO₂, electric range and electric energy consumption values are measured in a controlled environment on a representative production model, in accordance with the requirements of the WLTP European regulation EC 2017/1151 and its applicable amendments. For each individual vehicle configuration, the final fuel consumption, CO₂, electric range and electric energy consumption values may be calculated based on the ordered optional equipment. The fuel consumption, CO₂, electric range and electric energy consumption values of your vehicle may vary from those measured or calculated values, as driving behaviour as well as other factors (such as road conditions, traffic, vehicle condition, tyre pressure, load, number of passengers, etc.) have an influence on a car's fuel consumption, CO₂ emissions, electric range and electric energy consumption.

TOYOTA 2050 ENVIRONMENTAL CHALLENGE & ENVIRONMENTAL LIFECYCLE POLICY

At Toyota, we want to go beyond zero environmental impact and leave the world in a better place than we found it. To make that happen, we have set ourselves six challenges to complete by 2050. Each one presents its own difficulties, but we are committed to generating a positive and sustainable impact on society and the natural world as a whole.

For more information regarding Toyota Environmental Challenge please visit: <https://www.toyota.ee/2050-challenge> or contact your local Toyota retailer.

CHALLENGE 1 NEW VEHICLE – ZERO CO₂ EMISSIONS

By 2050, we want to reduce the CO₂ emissions from our vehicles by 90% compared to our 2010 levels. To achieve this, we will promote the development of new vehicles with low or zero carbon emissions, and do everything we can to increase the uptake of these vehicles.

CHALLENGE 3 PLANT – ZERO CO₂ EMISSIONS

To reduce carbon emissions at our manufacturing plants, we are focusing on improving the technologies we use and switching to alternative power sources. We are committed to making our facilities more energy-efficient and adopting renewable energy sources such as solar and wind, as well as low-carbon power such as hydrogen energy.

CHALLENGE 5 ESTABLISHING A RECYCLING-BASED SOCIETY AND SYSTEMS

We've been working on the challenge of resource recycling for 40 years, with the result that 95% of every Toyota C-HR is now reusable and recoverable. In addition, we offer new and innovative ways of returning your vehicle when it eventually reaches 'the end of the road'.

CHALLENGE 2 LIFE CYCLE – ZERO CO₂ EMISSIONS

We are working to create more environmentally friendly designs – and then analysing and refining them to ensure the lowest possible environmental impact throughout the vehicle's entire life cycle*.

CHALLENGE 4 MINIMISING AND OPTIMISING WATER USAGE

To minimise water usage, we have started to collect rainwater at our manufacturing plants. We have also developed purification methods so that the water we do use can either be used again or returned safely into the local supply.

CHALLENGE 6 ESTABLISHING A FUTURE SOCIETY IN HARMONY WITH NATURE

To preserve and enhance our co-existence with the natural world, we are organising reforestation and tree planting, green urban schemes and other environmental initiatives, both at our own sites and in the wider world. Our aim is to establish a society where people and nature coexist in harmony.

* Toyota's LCA methodology, which is applied to our passenger vehicles, was reviewed and approved by TÜV Rheinland and has been certified to comply with ISO14040/14044 standards..

YOUR COMPLETE PEACE OF MIND WITH TOYOTA

QUALITY SERVICE

Your Toyota will need a Health & Safety check at least once every 2 years/30,000 km (whichever comes sooner). An intermediate check is necessary every year or 15,000 km.

LOW MAINTENANCE COSTS

All Toyota vehicles are designed and engineered to minimise your maintenance costs.

GENUINE PARTS

Providing the reassurance of Toyota quality, only genuine and approved components are used on your vehicle.

ADDED SECURITY

Toyota's comprehensive security system withstands the insurance industry's rigorous 5-minute attack test.

GENUINE ACCESSORIES

Toyota accessories are designed and manufactured with the same care, quality and attention to detail as Toyota vehicles. All accessories are covered by a 3-year warranty when purchased together with the vehicle*.

TOYOTA EUROCARE

Enjoy peace of mind driving with complimentary Toyota Eurocare roadside assistance in 40 European countries.

TOYOTA RELAX WARRANTY

Warranty for 10 years or 185,000 kilometres. The Toyota Relax warranty starts on the day the manufacturer's warranty coverage ends, provided that the vehicle has been maintained in accordance with the manufacturer's requirements at an official Toyota dealership. The Toyota Relax warranty remains valid up to the next scheduled maintenance which is usually in 12 months or 15,000 km, whichever comes sooner. This is extended after each maintenance. You can get more information from your Toyota retailer and the maintenance intervals for your car can be found in the owner's manual.

* Check with your retailer for specific warranty details.
